SUBJECT INDEX.

Acid Bottle Readings, errors in, 349–356
Annual General Meeting, 325
Annual Report, 304
Asphalt, Trinidad Lake, products from, 406
Asphaltenes, researches on, 401–406
Asphaltic Bitumen, *see* Bitumen Asphaltic

Benzene :
  alkylation, methods of, 475
  mono-normal-alkyl, synthesis and properties, 475–487, 514–531
Birmingham Conference, 309
Bitumen, Asphaltic :
  coefficient of cubical expansion, 30
  comparison of, 119
  dielectric losses, 249
    strength, 246
  elastic properties, 117
  electrical conductivity, 254
  nomenclature, 106
  penetration value, significance of, 111
  physical constants, 29–39, 246–255
  rheology of, 104
  specific gravity, 30
    heat, 31
  thermal conductivity, 34
  viscosity, 114
Bitumen Emulsion, use in soil stabilization, 357–364
Bitumen Felts, 378
Bituminous Materials, 101–128
Butadiene, hazards, 272

Cannel Coals, classification, 229–348
Clay Suspensions, properties of, 533–564
Clement Pigneguy Knock Indicator, 489–513
Cracked Residues, solubility in solvents, 57–71
Cracking, development of, 44

Damp Courses, manufacture and testing, 377–389
Dangerous Gases, Symposium, 308
Drilling :
  blow-outs, 468
  evaluation of rotary lines, 407–412
Drilling Muds :
  classification, 463
  control of, 457–474
  flow characteristics, 457–461
  viscosity, 461, 462

Hydrocarbons ; pure, octane ratings of, 294–303
Hydrogenation of petroleum fractions, 452–456

Institute of Petroleum :
  balance sheet, 318
  Benevolent Fund, 320, 328
  Luncheon, 96
  revenue account, 316
International Congresses, 310

Kerogen Coals, classification, 332, 334
Kerogen Rocks, classification, 331, 334
Kerosine, burning test, 91–95
Knock Rating :
  bouncing pin, investigation of motion, 487
  Clement–Pigneguy indicator, 489–513
  discussion on observed data, 508

Lubricating Greases :
  addition agents, determination, 277
  analysis and testing, 273–293
  ash content determination, 276
  consistency determination, 278
  corrosion, 277
  fillers, estimation of, 277
  free acid and alkali determination, 275
  impurities determination, 276
  load-carrying capacity, 282
  low-temperature efficiency, 283
  melting point, 278
  mineral-oil-content determination, 274
  stability, 280, 281
  unsaponified fat determination, 276
  water-content determination, 275
Lubricating Oils :
  diesel, effect of metals on ageing, 72–90
  synthesis by condensation, 129–145, 225–234
Lubrication :
  oil-ring clogging and sticking, 414, 424
  piston deposits, 414–429
  seizure between lubricated hard steel balls, 256–271
  static friction of lubricated surfaces, 1–18
  varnish-like deposits, 421

Obituary :
Anfilogoff, N. A., 152
Barton, Donald, 40
Coste, Eugene, 223
Edmed, F. G., 152
Francis, Charles, K., 375
Gibson, George, W. E., 375
Hadfield, Sir R. A., 532
Henderson, J. A. L., 153
Henny, Victor, 488
Lea, Frank, Benjamin, 376
Stringer, Robert, J., 376
Octane Ratings, pure hydrocarbons, 294–303
See also Knock Rating
Oil Shales, classification, 229–348

Paraffin Waxes :
chlorinated, condensation with aromatic hydrocarbons, 150
melting point, 399, 432
separation, phase relationships, 399–400, 430
Petroleum Fractions, hydrogenation, 452–456
Petroleum Tables for use with Density Hydrometers, 235–245
Presidential Address, 41–56
Production of Oil :
plunger lift operations, 19–28
running in and testing tubing, 21
treatment of worn plungers, 24
two-piece plungers, 25
well-head pressures, 21

Refining, development of, 41–56
Road Mixtures, rheology, 120
Roofing Felts :
bitumen, 378
damp-coursing felts, 384
impregnated flax and hair felts, 383
manufacture and testing, 377–389

Scottish Branch, annual report, 323
Soil Mechanics in Foundation Engineering, 365
Soils :
classification, 360
stabilization, 359
Synthesis of petroleum products, 49

Teleclinometer Survey, 349
Tetra-Ethyl Lead, manufacture and use, 146
Trinidad Branch, annual report, 321
Trinidad Geological Conference, 150, 312

Viscometers :
capillary, 533
concentric cylinder rotating, 549
coni-cylindrical, 106
Viscosity :
dependence on constitution, 155–222
international research on, 313
